“ You changed our lives when you brought love and laughter to our daughter's life over three years ago. You brought her out of her shell so others could see her the way we do. You gave her confidence and you showed her how to care more deeply for others. You taught her how to love. We will miss the sound of your car as it pulled up to curb by the side of our house--always the wrong way, with music blaring. No matter where we were in the house we heard it and we called out "Anthony's here!". We will miss the way you popped around the corner and then stood in the archway with your hands in your pockets, talking with us before visiting with Stephanie. We will miss your beautiful smile, the sound of your voice, and your laughter coming from the other room. You and your amazing light filled our hearts. In many ways you taught US how to love too.,

“ I started managing wrestling my freshmen year of high school. I was really nervous because I had never done it before. Anthony was so good about making me feel at home. He was always there to answer my questions about what a takedown looked like or a reversal. I had no clue what the hand signals looked like until Anthony taught them to me. I managed wrestling for three years and anyone who has ever managed wrestling knows it is like a full time job, you are there everyday after school, at 5 am on Saturdays and you don't get home until midnight but to me it was a family...a family you never got tired of. Anthony was a large part of making the feeling of family a reality. I will never forget him or what he did to make me feel like a part of a family that I will never forget. Love always!,

“ In 2001 I started managing for the varsity wrestling team. Anthony was a freshman, so you can say I was new to the team just like he was. Wrestling teams are funny things, you spend 6 days a week together so you become each others second family. Anthony became more than just my teammate, or one of my wrestlers; he became my brother, and one of my closest friends. I knew that no matter what if I needed a smile, or just someone to listen to me, Anthony was the one I went too. The very last time I saw Anthony was Saturday September 23. He asked me if I wanted to wrestle him and I told him no because I didn't want to beat him and make him cry. After this he pretty much beat the crap out of me. It's things like that, all of the times in the wrestling room, and all the talks we had that I'll remember. I miss him, and I always will. I'll never forget. ,

“ My darling Anthony, You were the best grandson anyone could ever have. When you left California in 1992 it was the saddest day of my life. Our visits were such precious seemingly small moments that will now live forever in my heart as I relive each one. We were so very proud of you and for what a truly wonderful young man you had become. We had such high hopes for you, we knew you could achieve what ever your dreams would be. We loved your visits to California and our visit with you in Indiana and the time we spent together last summer and this summer. Your Papa Victor missed you so much and we talked and thought of you often. Maybe he's the lucky one, as he has you there with him now. All my love, forever and ever..... Your G-ma Marilyn,

“ I first met you when you started working at BK. When you first started I was a little afraid to talk to you, because I am a little shy. When I got to know you, you changed my life and more. It was easier to come to work with a smile, especially when I knew you were working. I looked forward to seeing you and being able to gripe about my life and you would just sit there and listen to every useless word I would blab about. You helped me make personal decisions about my life, and thank you for all of that. You could always make me smile or laugh. If I were crying you would make me feel better. If I was in one of my "girl moments," and stormed into work not wanting to be there or do anything, you would calm me down and tell me that if I needed you, you were there for me. We never fought, because you were always in cheerful moods. Needless to say, you were an awesome friend (I still have my best friend bracelet, and it means the world to me to know I have something that reminds me of you(I also have the memories we have shared through our friendship) I don't think you had any enemies, or even knew what one was. You were such a great, loving person that will be in my heart forever. Love you  
AnthonyTiffany,

“ Anthony, As a cousin I hardly new I know that your father will miss you dearly. You were such a handsome young man and I know that your grandfather and great grandparents anre there with you in Heaven. I was glad that you were able to spend time with the Munoz side of the Family just a few weeks ago this will help them to know the happiness you brought into there lives. I heard so many wonderful things about you. I know you were a loved and admired young man that will be missed. My prayers are with your Mom and the entire family. Vicky Cervantez,

“ Our only contact really came through photographs of you growing up that Marilynn and Vic shared with me. I was never fortunate enough to meet you as a young man but I could certainly sense the person you were and how much you are loved by your family and friends. You will be missed tremendously and my heart goes out to your loved ones. Rest in Peace Dear Cousin.Achilles & Carol Massahos,

“ Leonia, I am so sorry for your loss. My heart just aches for you and your family. Keep faith in God and he will get you through this. I did not know Anthony personally but I have heard a lot about him over the years of being in class together with you. I had the pleasure of seeing him in the great photos you took during our class at school. He was a subject in those pictures for a reason. So many times we "wish" we had updated pictures of love ones in a time of need. You were fortunate enough to already have them. Your son was loved and cared for by many. I am sure you are proud of him. May this great son of yours rest in peace. ,

“ From Jeff Bruns' sister...Although I didn't know Anthony well, I know what a very, very special place he held in the hearts of Stephanie, Sara, Jeff and Julie. From my limited interactions with him, I was impressed with his great attitude, his helpfulness, and his passion for life (and cars!) In a brief conversation with my husband, he was able to offer about a zillion ideas to take our car from "okay", to "totally cool!"Right now, there is so much that is painful, and difficult to understand. I pray for peace and comfort to all who knew and loved Anthony. Although we were able to spend only a short time with Anthony on this earth, we are blessed to have special memories of how he impacted, and brought joy and special meaning, to each of us. The world has lost a wonderful person, but Heaven has gained a great soul. ,
