“ *I always looked forward to seeing Phyllis in my salon. She was the most pleasant and extremely intelligent person I ever met. She always had a book in her hands, but when she spoke; she would close the book and truly engaged in very interesting conversations. I always learned something from her. Phyllis had a wonderful sense of humor. I think when I meet my Maker, I am going to ask Him why He didn't give me curly hair? she would say. Then we would laugh and count our Blessings. Phyllis, I am glad you touched my life.,*
