“ *I've known Debbie since 8th grade, I remember how all the boys went crazy when the "new" girl showed up at Pleasant View that Fall. She quickly fit in with all of us, became a cheerleader and sang in the school choir. During High School, we became closer through involvement in the marching band, sorry girls, but she was one of my favorite Devilettes, and Concert Choir. We all had a great time together going out to California to march in the Rose Parade. I only saw her a few times over the years since those high school days and consider myself very fortunate to have been able to visit with her at last year's Rose Parade Band reunion. My condolences go out to her family and close friends. I will always consider myself very fortunate to have known her.*

“ *Debbie and I dated during the summer / spring of 1976. I always remember her as very attractive, hard working and nice young lady. With regret, as I look back, our relationship fell apart as time and distance changed where I lived and worked. Very sad to hear of her passing and my thoughts and prayers to all of her family and friends.*

“ When I think of Debbie, I think of me being terrified in the dentist chair and she and Pete were soooooo very comforting and understood my fear.

Know that God is a comforter and friends are praying for the family.
