“ I happened to think of Fred and came across this obituary. I was a young engineer many years ago at Perfect Circle, where I was fortunate to strike up a friendship with Fred. I was very sorry to hear of his passing. I remember him very fondly as a warm, friendly, and fun loving person. One day we had a conversation about glass and I mentioned that glass was a fluid and if you measured the thickness in an old pane, it would be thicker at the bottom than the top. Fred replied "I'm going to go home and turn all my windows upside down". James Day, Myrtle Beach SC.

“ I hadn't seen Mr. Hodson since I was a teenager, but I remember him as a very kind and friendly man. My condolences to Craig and Chad. We lost my dad last month, within a day of Amy Meyer's dad passing. Three dads of HHS Class of '87 members, gone within a month of one another. My heart breaks.
