“ Kristen, you touched the hearts and souls of so many people. You fought battles that weren't your own and took care of everyone you possibly could. You were an amazing mother and a wonderful friend. A true Hippie Soul. I wish we had more time on this earth with you but God needed you more now. Sending many prayers and healing vibes to your family and friends.

“ So many memories of you. You were always special to me, and so nice to me. You were the best passenger on my motorcycle that I have ever had behind me. Never even knew you were there. You just blended in with the bike and me. Absolutely the best! So many things that there's not enough room here to write them all down. I love you, and and you will always be in my heart. Some day we'll meet again and we'll take a ride somewhere with Ted, and Modoc, and have that red beer that we never got around to having together. I'll miss you terribly until then. My Angel is now an Angel.

“ There will never be another soul as beautiful and kind and loving as Kristin. From her hippie roots to her silly sense of humor she was certainly one of a kind. A rare beauty who was unaware of just how beautiful she was. Those she loved were the luckiest; they were the fortunate ones to bask in her shine. And Bryce! Kristin blossomed into the most natural mother. Her pure joy in being Bryce’s mom was easy to see. And never did I see Kristin lose her cool unless it concerned Bryce. Transformation of docile house cat to wild and angry jungle cat in 0.3 seconds!! She always had his back. He, ultimately, was the love of her life.

I will never forget you my sweet sister friend. I see you now, in my minds eye, laughing that infectious laugh, gasping for air because you’ve laughed so long... my heart is broken. May you find the peace in your soul that you sought in this life. I pray you carry on my friend. I love you; always have. I’ll see you and Pa, and Jus and Teddy Balls soon!

Very well said Kimberly and I couldn’t agree more. “Miss E” “Special K”.... she was truly unique. We all fell in love with her as soon as we met . You’re free now my little tree-hugging hippie. I’m so thankful that our paths crossed because we created some great memories. Please help us get through this if you can because our hearts are in pieces at this point. Thank you for giving us Bryce to love. He’s just as unique as you and so loved. I will love and miss you always.
