“ I am so grateful for the long life my gram was blessed with and all the wonderful friends and family that were a gift to her. I find comfort in knowing that through those long years, and many friends and family, that she sprinkled her spirit so much and so often, that she'll live forever in all of us. For me, it will be very time I smell chicken frying or taste a root beer float. Or whenever I shop for a new dress or pass by a pink rose. But mostly, whenever I pass by my flower beds and see a weed. Even if my intention is to keep walking and catch it later, I won't. I'll hear her voice say, "Marge, I mean Dawn, you missed one" and I'll have to stop and snatch it from the earth. I take comfort in knowing that in that moment she'll be with me and that she'll continue to be with me for all those same moments that come to pass as long as the weeds continue to grow.,

“ *Expressing our Thoughts and Prayers to Mary and the Family as they Grieve the Loss of this Wonderful Lady. I had the Pleasure of meeting her last Summer when I went to visit Mary. Mary and I both are very Lucky people that we found such caring loving people like Grandma Oler was. To take so many kids into her home and nurture and care for them and to share so much love shows how she was an Angle sent from above and she is now Enjoying her rewards. Her work Shows in Mary as Mary is an example of her Mother, and Shows the same Love and care for all. Mary and jim I am so glad that our paths crossed several years ago, you have been such a blessing to me and such an inspiration not only in my professional life but in my personal life. I love you both and am Sorry for your Loss. But Grandma is Pain Free, Running and shouting at the feet of Jesus, Reaping the rewards of all those hard years of labor. And someday you will meet again. Call If you Need anything Love to you Both.,*
