“ Lisa and family, I was so sorry to hear about your sister. I know how hard it is to lose someone you love even as you know they are in a much better place. Please let us know if you need anything. Our prayers will be with you and your family. Crystal ,

“ Dear Lisa, I was saddened to hear about the passing of your sister. I know you will miss her dearly but I also know that as Christians we have hope to see each other again. During this time, I pray that God's love will give you an extra measure of His peace and hope. May the Holy Spirit comfort you as you walk through this valley right now knowing that Jesus is walking it with you and will be right there beside you. With sincere sympathy, Bev Wells, Faith Church, Martinsville, IN,

“ Dear Lisa, I was so sorry to hear about Linda's passing, but I know how much she has suffered the past few years. I feel blessed to have met her and to have even taken care of her at the hospital on occasion. No matter how bad she felt, she always had that dear sweet smile. I know how special you were to her and that you'll miss her terribly. You have been the caretaker for her and your mother - maybe now God wants to you take care of yourself. Please come to visit us, we have plenty of room and it is so beautiful and peaceful here. You and whoever you'd like to bring are welcome here anytime. I'll be praying that God gives you peace knowing that Linda is no longer suffering, she's just moved on to the next life - we'll see her again. Take care now, Love, Missy

“ I was unable to attend the viewing, but I wanted to extend my deepest sympathy to the family members of one of the greatest men I have ever known. I was Roy's replacement when he retired from Madison Heights High School, however no one could replace Roy as a mathematician. He was a friend and mentor to me as I continued to teach the subject that he loved. I met him when he was my children's geometry teacher. We became friends when I began my student teaching at Madison Heights and the memories of those times are cherished ones. Persimmon pudding, paw-paws, jokes and retirement parties are those memories of Roy. The best memory that is still talked about at the MHHS replacement school (AHS) is Roy's final day at school when he roller skated down the hall to turn in his last set of grades . I think it was with his old antique skates that he used many years ago. We have lost a truly wonderful man. May the many memories we all have of him, keep him close to us forever. I know I will always remember the man who helped me in so many ways. He was a true friend and will be greatly missed. PS. I still have one of those slide rules that he left in his desk. Linda Gibson Mathematics Dept. Chr. at Anderson High,

“ I am sorry to hear of Roy's passing. My parents have not been well so I doubt they will be making it to the services, but I am sure their thoughts and prayers are with you and the family. Many old memories, of going to your house and playing with either Harold, Jimmy, or a sister named Karen I think. I remember Harold showing me how a slide rule worked. I remember Roy giving me my first bite of a persimmon, which I thought was delicious. That is , until I got one that was not ripe yet. It seems like I also got my first taste of a paw-paw on your farm there. Best wishes to the family in your time of loss, Kurt Alexander,
