“ Kenny, you were a good friend to our family, a neighbor, and childhood buddy with a few of my brother's. You also made a special point of leading and directing my father's funeral procession because he meant a lot to you. Well, Kenny, you meant a lot to him and to us as well. You will be missed greatly!! Give my dad and brother Brian a hello in heaven for me!! God Rest Your Soul!!!,

“ I'm saddened to hear of your death brother. You were a good friend that taught me some of the initial things in law enforcement. You're personality has not been replaced and will not be. Go rest, be pain free, because you've earned your reward. My condolences to Debbie, Scott and Shelli.,
