“ *Your family has forever touched our lives. Words cannot express the empathy we share with your family (like others) in limited visitation during this pandemic. So glad we got to meet Marna and the few family members who were able to visit, truly beautiful souls. May God give you peace. Butch we never got to meet but your speech at the service was perfect.*

Thank you this means a lot to the family. Without Reid staff and everyone else that made our last moments with our mother and wife, a blessing to always hold on to to always be a part of us. Words can never describe how much it means to us. People like each and everyone of you let's others know that there is still people out here that truly does care. Reid staff you made my mother as comfortable as you could you gave her her every wish, answered her questions and concerns right along with the family. You comfort us and let us know you where there for us. You let us stay all night with her, we got to spend her last moments with her. She is thanking you from heaven she smiling down on us all and telling us its OK to miss her but we gotta let her go. She pain free she up there with all the other families and friends watching over us. She is up there with God!!!! And that right there let's me she is in good hands she's happy!!! But thank you all

“ *I miss you mommy so much. You are the strongest person I know and you have put a huge imprint on everyone. You gave love and care to everyone no matter the situation. You forgave many and respected lots even when they were in the wrong. You and daddy made me the person I am today and there is nothing that I would change. You loved unconditionally and made your spot in many hearts. You will be truly missed but never forgotten. Til we met again mommy I love you and miss you so much. Love me the boys and daddy and luggnutt,blackie,and shorty*
