“ Yes, I had Mr. Harrison for drivers ed too and he made it a lot of fun. One time, we were driving down 38 and there was a car probably a mile ahead of us. I wasn't really paying attention and didn't notice the car slowing down to turn off. Mr. Harrison just kept looking at me and finally he was like, "are you gonna hit the brakes?" He ended up having to slam on the brakes and it was kind of a close call. But we both laughed about it afterward. He said he was never worried but I think deep down he was kind of nervous. Mr. Harrison was just a great guy and teacher and was always very kind to me. He touched so many people's lives . I recently purchased a book called, "Something Worth Leaving Behind," by Brett Beavers and Tom Douglas. There is a poem at the beginning but the quote at the end of each verse is, "If I will love then I will find I have touched another life and that's something, something worth leaving behind." I know Mr. Harrison touched many, many lives and what he left behi,

“Wow, as if words could actually describe how great of a guy Mr. Harrison was to everyone. He was one of the best people I have ever met and it was definitely a blessing to have known him. He is the guy that got me to go out for tennis because he said I had a good backswing. Didn't he always have something good to say about everything and everyone?! He was the most positive person and the smile on his face, well it was always there. He helped coach me in basketball, of course Cindy was my coach too, what a great coach they both were to me. I guess she learned from the best. Every Harrison I know from HS, well you all act just like him and that is something to be so very proud of always! Thanks Mr Harrison for everything you ever did and for being the awesome person that you always were! Love Leigh (Conner) Lombardi,

“What a loss for the world and what a gain for Heaven. Dad was such the family man, who loved Mom and his kids, and his 18 grandchildren. He flew Ol' Glory, trusted God, loved to fish and hunt. He always had a good and kind thing to say to about everyone he met. The calling last night was a real tribute, a testimony to the kind of person Dad was. This is my estimate, but about 2,000 well-wishers went through the line to see Dad and to offer Mom and the family their condolences. He is so missed by everyone, one of a kind he was that's a fact. Dad taught his kids morals, ethics, and to be just a good person, choosing right over wrong. Dad said that "No matter what you do, whether it's stocking a shelf, sweeping a floor, operating a nuclear power plant, or running the greatest country on Earth (USA), do your best." Novels could be written to cover Dad's life, from rabbit hunting in Fountain City to turkey hunting in Coloma, MI, from the house on Clyde Oler Road to his home on South Perry Street. Reality spoken, this downright sucks! Love you Dad! And miss you a ton. Dave,

“ There are so many memories I have with Mr. Harrison. One that stands out in my mind is when he was helping coach our girls basketball team. There was no one to guard Jen Patterson at 6'4, and she was a little bored with no one to challenge her. So, Mr. Harrison hopped in the drill, drop stepped, and took it to her! He had so much energy, a big smile, and loved every minute of it. Kory and I feel so blessed to have such a wonderful role model, teacher, mentor, and person in our young lives. It goes without saying how many lives he touched through his years on this earth. He is responsible for so many wonderful things and his gift is something that keeps on giving, even now that he is gone from us. I know so many of us would not be where we are today without his influence in our lives. He was loved and is truly missed.,

“ there are so many great and wonderful memories of one of the greatest guys to ever grace this earth. What a true american, father, mentor, DAD, teacher and inspirator (if that is a word). Taking me out back and telling me the last one standing wins this fight, ran away from that one. Filling the oil at all hours of the night when 10 below. At church one Sunday, he had one dollar left to his name and gave it to the offering, I love this guy. His hand out while you walk in the house to say love you and you are welcome. That laugh. I am so glad my son got 5 years with this man. The Fish and Chips though only 2 of them was the greatest time a man could asked for and dad just loved watching his sons have a great time and look like idiots. He golfed 36 holes this year with us and didn't complain once. His paddlings when young, him knowing what I got on a test before I did, his piece of crap cars, driving buses in the summer, fishing, always trying to invent things, his cooking and everything else I will always keep with me and so will all of you. He was and till is a legend and we should all learn and keep with us the values he had. Take care dad and do not let Jesus lick your glasses either, would not be fair to us. Spend some quality time with your dad, tell him hi and tell him thanks for my middle name.,

“ One day, in the seventh grade on the tennis courts behind the elementary school, I hit the ball hard enough to bounce off the back fence and back onto the court. Coach Harrison yelled, "HOME RUN!" in that booming voice of his and I was so happy that I could have run all the way home to tell my parents about the homer. And I did, and don't you know they all had a great big laugh when he came by later to hear how I thought there was really such a thing as a home run in tennis. He did that thing where he laughed his huge, huge, laugh and at the same time sort of winked like we had a secret joke. That's how he was--he didn't need to hit you over the head and tell you that you were being stupid, he kind of let you figure it out on your own, and in a way that made you laugh at yourself. I just loved him. Loved his spirit and his warm hearted soul. No one had a greater capacity to see the goodness in people than Nelson Harrison. He was one of the most instinctively caring people I've ever known, and that came through in everything he did. I wish I had gotten to tell him one more time how special he was to me. He was true blue, and I will miss him.,

“ Mr Harrison was stupid! It was because of him that I didn't finish high school! He had another popular boy to invite me to smoke a cigarette with him so he could catch me because he couldn't catch me any other way. Then the new music teacher at the time, who by the way couldn't even play the piano, wanted to make a name for himself, kicked me out of music class because I was caught smoking. It had nothing to do with what I did. If I new then what I knew now, I would have sued Mr. Harrison!!! Music was and still is my passion! I was the only one who was both in the Indiana all state choir and the Indiana mixed choir the same year. And my grades were always A in music! I also went to Ball State University and received 1st place both times I went in solo competition. I hope Mr. Harrison is where he is supposed to be! Mitch.,

“ I remember first meeting Nelson Harrison when I was in school at HHS. At first I thought he was one of those serious grumpy types, but soon learned that he smiled a lot, knew everyone by name, and always had a comforting sound in his voice. As time went by, I would see Nelson Harrison from time to time around town, and each and every time he always had that loving smile, always said Hello. It was obvious that he enjoyed life, family and friends. God didn't make many men like Nelson, and I'm proud to say that I had the pleasure of knowing him. ,

Dad sat in the southeast corner of the property just south of Hagar Shore Road, I sat more to the southwest corner. Being fidgety like I usually am, I sat for a while and then starting walking towards where Dad was sitting. Knowing he wasn't gonna get anything because I am not stealth-man, I just started walking directly toward him. BLAM!!! Dad put the butt of the stock on the ground and the barrel toward the sky and pulled the trigger, KAPOW! Scared the hell out of me!!! Dad laughed and he laughed and he laughed. He gets up from his seat (the cooler) and was heading to the back of the boat. Lake Erie isn't the most calm of seas, and like a tempest tossed, the boat was rocking a bit back and forth. As I ponder the love that I saw in
his eyes, A Godly love, given without compromise.... I recall many
times that he stood by my side, And prodded me on with great vigor
and pride. His voice ever confident, firm and yet fair, Always speaking
with patience, tenderness and care. The power and might of his
hands was so sure, I knew there was nothing we couldn't endure. It's
true, a few others provided insight, Yet, he laid the foundation that
kept me upright. He's the grandest of men to have lived on this
earth, Although he's not royal by stature or birth. He's a man of great
dignity, honor and strength. His merits are noble, and of admirable

“ Well Dad we celebrated your birthday last night and boy was that a tough one. We went to Willow Springs just for you and ordered what you liked--fried chicken. We took up most of the back room. It sure was hard sitting there and not seeing you sitting at the end of the table. Mike sat in your seat for you. I can't begin to tell you how much I miss seeing you or talking to you on your birthday. Jaigen bought you a balloon for your birthday and put it on your chair. I heard Steph and the entire gang wrote you notes and attached them to balloons and let them go at the high school. Scott is still arranging the garage--you'd love it, Gary was down to celebrate your day and helped with the yard, Suzy called-she wished she could've been there, David wrote a wonderful poem about you, I cried, Steph let off balloons with notes on them for you, Dan also wrote a fantastic poem for you, Chris worked real hard on the yard--It's looking great, Sham made a cake for you and her teachers ate it, Andy and his gang came to the restaurant to celebrate, Aunt Nancy ate chicken just for you. Most importantly, Mom was first in line to celebrate your big day. She's been great and we'll take care of her just like you wanted us to. We all miss you more each day and it doesn't seem to be getting any easier. Just wanted to wish you a Happy 70th Birthday, Dad. I love you tons, Cindy-The Fav,

“ Here's a little story about our dear old dad on one of our hunting trips. I was pregnant for Jensen and went hunting with dad. Dad was on the deer look-out deck (whatever you call those things) and we were sitting on five gallon buckets under some tree limbs. While Dad was waiting patiently for a deer (like he was ever going to see one with us there), we got the giggles. Dad kept giving us the "look", which made us giggle even more. After an hour or two, out of the blue, Dad fired off his gun. Well, being pregant, I couldn't hold my bodily functions very well. That gun fire scared me to death. I flew backwards off the five gallon bucket and totally peed my pants--all through 3 layers of clothes. Dad laughed and laughed. I sure do miss that laugh. I'd pee my pants every day if I could bring him back. That is just one of the special memories that will never die. Love ya, Cindy,

“ Deepest sympathies to all the Harrison family.....I know this was an untimely loss and I pray that God will ease your troubled hearts until you all are together again. What a great man "Nellie" was - funny too! He always had a smile! Never met anyone quite like him. He was an outstanding teacher and a true epitome of how a person should be in his community. He meant a lot to Hagerstown and will be truly missed. Nellie was always upbeat and happy and I still don't know how he managed to remember all of us "kids" like he did over the years. I'm 45, have been gone from Hagerstown for 28 years (except for occasional visits) and he still asks my Aunt Kit about me. Amazing - what a caring heart his was! Over his years of service, there must have been thousands of kids - he never forgot any of us! He truly "loved" us all and it showed. God rest you Nellie! ,

“ Dear, sweet, Mr. Harrison! You will be so missed! You poured so much of yourself into your students, family, and friends, and we have all been blessed by your loving spirit and wonderful smile. I always have cherished memories of driver's ed, in particular-- stopping at Willow Springs or Dutch Oven to get your coffee and then warning us not to make you spill it or we would fail the class. LOL We knew you weren't serious, but we still didn't want you to end up with scalding hot coffee on your legs. I think of you often when I'm out driving...remembering the warnings and the advice...I still drive with the my lights on in the daylight because you taught us we were more visible that way--and this was before newer cars that had automatic dayrunning lights. You also advised my parents to make me wait until summer before taking my driver's test. I look back now and realize that was probably a pretty good idea. Thank you for always having your students' best interest at heart. Thank you for your wonderful smile and laughter. Thank you for all the years you've given to the children and youth of Wayne county and Hagerstown High School. You are loved. Your family is such an awesome testament to your love and faith. God speed, Mr. Harrison. And, God bless your family and friends as they remember you. Tonia Severance,

“ Dear Harrison Family, We are so sorry to learn of the death of Nelson. He taught all three of our kids and was wrestling coach to the boys. We admire all that he did for the students of HHS. It's a great loss to the community. Mike Bennett's story in the P-I is a great tribute. Our thoughts and prayers are with you at this sad time. Sincerely, The Mattheis family,

“ Dad, It has been a week and it is still not easy. The little things you did and we shared remind me every day of you and how much we all loved you and miss you and what you did for us. Watched Carson get on the bus today, you would have been proud of that little guy and he is a great boy/son because of the lessons you taught us. We all, family/friends/town, owe you you a great deal. You will never be forgotten and missed greatly. Love you and we will make you proud as you made us proud. Love you.,

“ Chris, mom and I were playing "quarters". Instead of drinking, the person would have to do a dare. Mom lost and she had to do a ballerina dance around dad in the kitchen. Dad just laughed and shrugged his shoulders. Gary came home from the Air Force and thought he could take dad. Dad threw him against the wall, over the couch and then sat on him. Poor guy never had a chance. He never messed with him again.....wrong. Got his butt kicked the second time. Wasn't very bright was he? I loved going to Glen Miller Park as a kid. Dad would buy a sack of hamburgers and cheeseburgers and a sack of fries. That was always a fun family "vacation",

“ As a young PE teacher I came to know Nellie as I taught with him in the late 80's. His smile is unforgettable. His teaching style was quite different then the average teacher. He was able to get the most out of his students because they knew he genuinly cared about them. They also knew how to respect him. All he had to do was "give a student the look" and they knew where they stood. Messing around was out of the question.I learned so much working with Nellie, not only as a mentor, but on the personal level. Jackie was the love of his life, and as he would talk about his children, his eyes would light up. It was so evident to anyone that knew him, that his family was his pride and joy.I believe I am a better person knowing Nellie. I know I am the successful teacher today, because of Nellie. It has been a privledge to know him and I will miss him.Pam Kirk ,

“ A tribute to Dad was seen last night at the calling, where an estimated 2,000 well-wishers paid their respects to Dad and offered condolences to Mom in a line of constant flow past Dad's casket that lasted over 6 hours! How can you sum up in a few sentences the legacy Dad left behind, the love and care he poured out over his lifetime, the events, incidents, the laughs, the tears, the joys, the sorrows? Taint easy I'll tell ya that. Just know that Dad was a Christian, a Patriot, a Republican, a father, a grandfather, a teacher, a mentor, an EMT-Intermediate, a hunter, a fisherman, a golfer, a family man, a man of history, and a man of morals and ethics. We'll miss you Dad!Love, Dave,

“ Coach Harrison...A man with big wings When I was in grade school in the early 70's, I was a small kid with an attitude. Coach Harrison took me under his wing. He put me on a wrestling mat and adjusted my attitude. He taught me so much about right and wrong...he let me know real quick HE was right and I was wrong! He did it in a way that made me want to do the right thing. I never wanted to let him down. He kept me on the mat and under his wing throughout my high school career. I stayed out of trouble, for the most part. It amazes me to think how many kids, (now adults) he took under his wing through the years. Coach Harrison was a big man with a big heart and even bigger wings. Coach you will forever be in our hearts.,

“ There are very few people that you meet in your life that you know on four different levels. First there was Mr. Harrison, the teacher the man that demanded your respect and earned it. The fear of his legendary paddle was enough to always make me fly right in his class room or in the halls near it. Second, there was Coach Harrison the man that demanded you do your best and always giving the proper instruction to help you do so. Third, there was Nelly the man that always had a smile on his face and would laugh with you while you joked about his son and one of your best friends. Or you congratulated him on one of the grandchildren on how well they were doing at the little league park. Fourth was Nelson Harrison. The man that was first in line at my own fathers calling and if not first, one of the first five at my little brothers. The man who when I raced out to the sight of my sons accident and saw him being put on a stretcher with a neck brace and all the fears that go with it, assured me he was fine and it was precautionary. They say a mans legacy is left in what he has left behind, I'm speaking to the boys that I know so well. Even though you are all rascals, and now to the girls as well, I can't think of a better legacy. To Jackie as I told you last night, he was a good coach and a good teacher. Even more he was a better man. To Gary, my dear, dear freind. I know how rough it is. I know your devastated. If you need anything. Avon isn't as far away as we say. Love always, DAWG! ,

“ Every time I would call home, you would answer the phone "WHAT". You would laugh (oh what a great laugh you had) and ask how I was doing or how things were going. You would then quickly ask if I wanted to speak to ma'ma' or "the head-headed wench" as you would playfully call mom. You always told me you loved me before handing over the phone. I have called home many times since you left and it's sad when someone picks up the phone with a simple "hello".,

“ Nellie both Kyle & myself had him as a teacher at some point in our life. Mine was as a drivers ed instructor. I'll never forget having finished drivers ed than working at Welliver's a few years later, a couple I had picked up at the airport had there wing damaged from a person mowing the lawn, the driver of the mower... Mr. Harrison himself. I never let that one get by him. What a great person though. Both of my kids had him also either as a teacher or as a "Coach". He will be greatly missed in the public eye & now at Dales Pizza where the whole family is regulars. Our thoughts are with you.,

“ Coach. He was always "Coach". Not Mr. Harrison, Nelson or Nellie. I was just one of many, many student athletes lucky enough to have him as my coach. He taught me a lot, not just about sports, but about fairness and sportsmanship. He will be missed by all those whose lives he touched. ,

“ We just called Mr. Harrison "Coach". I began wrestling for him in 7th grade (1967, I think). He taught me that even skinny kids had a place in wrestling. I was also blessed to have him as a coach in High School tennis. The one thing that I remember the most of all his coaching and advice, is his reminder to be humble. He would say, "If you are good, you don't have to tell anyone, they will figure it out themselves." I have passed that advice on to my own children and many others through the years. I will always be grateful for the time and care "Coach" spent on me. My thoughts and prayers go out to the family that will miss him dearly. Thank you for sharing Mr. Harrison with the rest of us. With loving memories, Steve Newton,

“ *i remember is was about 13 yrs 9 yrs old. having a bad day already, probably getting beat up by my older brothers, i ran to my room to get away from everybody. dad came upstairs to see if i was ok. he said lets go. i asked him where we were going. he said don't worry about it, just follow me. if your not a harrison brother or sister you don't know what it meant to us when he took one of us each time he would mow the runway at the airport. it may sound lame or whatever, but to me that day it meant something special. always aware of somebody elses feelings. he took the bullet for me so many times, there is no way of measuring how much i owe my life to that kick ass man!!!!,*
