WOW...what a beautiful video. I was flooded with so many memories of how Bobby and June (and girls) always let me hang out during the summer when I would cross the road to play and ride those 2 little ponies Queenie and Lady every day I could. I could tell he was greatly loved because the children were always around him. So sorry for your loss girls. Had fun with your family. Angie Allen

“ So sorry for your loss! We brought two mares to be bred. After the first foal arrived, my sister visited us and took pictures. If she used them, her mileage was reimbursed. She worked for Farm Week. She did publish one photo. It was a classic pose and really showed that foal well.

Some time after that we stopped by for a visit and saw that paper clippings on the wall. We commented about it. He shared that when he received his copy of the paper and saw that photo, he exclaimed about that good looking foal. Then he read the caption and said, 'Hey! That's one of mine!'

He was a character. We enjoyed talking with him. We wish we had lived closer to visit more often. You are in our prayers!
