“ Words can not describe how sad I am that I will never have another chance to talk to you, or hear your laugh. You were my friend, like a sister, and I will forever cherish our memories together. I wish for you now the peace that you deserve and I will keep you with me always. I love you as if I had just seen you yesterday. You are forever in my heart. To the family, I feel deeply for your loss, and am so sorry that she is no longer with you.,

“ I can't seem to find the words to say. I wish that I could meet Dawn's family and tell them how much fun and energy she brought to Charbono's. I only worked with her for a few short months but will always know someone is missing every shift I work from now on. I will remember laughing when we rolled silverware, and how calm she was when the computers crashed! I will remember how we sang the old songs that played over the speakers and danced together. I will remember how she listened to everyone and you knew she cared. Dawn made everyone smile, and her kindness made her shine. I will never understand the reason for this tragedy but I know it is part of a bigger plan. I will carry Dawn in my heart forever. I will remember her with a smile. I will honor her memory with a listening ear. I will pass on the kindness she gave me. Jaymie Brown,

“ Ruby was my neighbor for many years, and I couldn't have asked for a better one. Her and John watched my two daughters, Charlotte and Christina grow up from "across the alley" and we all have fond memories of them both. She was a kind lady and always had a smile. My condolences to Jimmie and her family, I am sure she will be missed beyond measure.,

“ D.. I will miss you and can't believe that you are gone... It is still shocking and it was just yesterday it feels like you were here for me on Nilla's death.. You always knew how to talk to the animals and speak to them. I am at peace knowing that Nilla is playing and protecting you with Marley. Thanks for coming into my life and I will see you again someday. C,
