“ *Thurnie, I was shocked to see you've left for the Far Shore. Only a few weeks ago you were here, soon to return to work on the van. I will miss your dry humor, patent honesty, skills and overall presence. Safe travels, brother.*

He was part of our family. He'll be missed

“ *I'm so sorry to hear this. I loved Thurnie very much. He was a part of our family gatherings, weekends, trucking with my dad and fixing all kinds of equipment around the shop. I'll share a story of the day he saved my life! We had a Doberman named Kong. He attacked me and lucky for me Thurnie showed up and pulled the dog off of me. I loved him very much. He is and always will be family! Hugs and prayers to the family! xoxo Amazing singer!!*

“ *One of a kind for sure: I stopped in on him late in the summer last year to ask if he had a rooftop AC for a camper. He didn't at the time but said he knew who to ask and would get back to me. That conversation took less than five minutes. After a Tour of his house and him showing me a walk-in closet full of re-chromed parts for a car, he was restoring. I think I was there for over an hour. Great guy. I'll never forget him.*

“ Thurnia was my neighbor and when I first met him he scared me to death. We became friends quickly and I would bring him homemade salsa and home cooked food. I loved his witty humor and his lil songs he would sing. Fly high my friend. I will miss you.

The crippling blizzard of early March 1988 (?) Thurnia came out with a chainsaw and I rode with him in his truck, watched in amazement as he cut trees and big limbs off of power lines like it was nothing. Others complained about being without power, unable to get out of their houses. Thurnia worked many hours helping restore power, and never a word of complaint.
